

SECURITY

DIGITAL SECURITY IS DRAGONFLY'S #1 PRIORITY
100% OF BCS SCHOOLS TRUST DRAGONFLY

ACTIVE SECURITY

YOU HAVE FULL CONTROL OVER THE FOLLOWING:

- WHO HAS ACCESS ON YOUR TEAM
- WHAT TYPE OF ACCESS (VIDEOS AND PLAYBOOKS)
- WHEN THE USERS HAVE ACCESS AND HOW LONG THEY HAVE ACCESS
- WHERE THE USERS HAVE ACCESS (DEVICES AND LOCATIONS)

“DEADMAN SWITCH”

OUR DEADMAN SWITCH ENSURES THAT YOUR MOBILE DEVICE STAYS IN CONNECTION WITH YOUR FACILITY. IF FOR ANY REASON THAT COMMUNICATION IS BROKEN, THE IPADS WILL BE ERASED (NORMALLY A 1 DAY PERIOD).

PASSWORD POLICY

FORCE USERS TO ENTER A PASSWORD EACH TIME THE APPLICATION GOES OUT OF FOCUS; CONTROL THE NUMBER OF PASSWORD ATTEMPTS FOR LOGIN – IF THE PASSWORD IS INCORRECT 3 TIMES, THE CONTENT ON THE IPAD IS WIPED CLEAN

DEVICE REGISTRATION

EASILY RESTRICT CONTENT DELIVERY TO THOSE IPADS, WHICH YOU HAVE PHYSICALLY PROVISIONED. THIS GIVES YOU COMPLETE CONTROL OVER YOUR TEAM'S MOBILE FOOTPRINT. REGISTRATIONS REQUIRE THE SERIAL NUMBER FROM EACH IPAD BEFORE ANYONE CAN ACCESS THE CONTENT.

DEAD PERIODS

YOU CAN SET DEAD PERIODS WHEN USERS ARE RESTRICTED FROM PLAYING VIDEO, MAKING IT SIMPLER THAN MANUAL ENFORCEMENT.

AUDIT LOG

DRAGONFLY GIVES YOU ACCURATE REPORTING OF ALL SECURITY EVENTS. EASILY SEE THE WHO, WHAT, WHEN AND WHERE THAT GOES ON IN YOUR MOBILE ENVIRONMENT.
